Dear Mrs Maycock

We were delighted to receive the schools generous donation of £102 which was raised at the Christmas production. It is very much appreciated and will certainly be put to good use.

Chelmsford Women's Aid provides refuge and outreach support for women and their children who are experiencing domestic abuse. We are a registered charity and are almost entirely reliant on the good will of local businesses, individuals and groups in the community for the resources to deliver our vital service to families. Receiving your support makes a huge difference to the families we work with, especially at this time of year.

With all good wishes for Christmas and the New Year,

Yours sincerely
