Mathletics!

Following the successful trial of Mathletics in Class 4, we have bought into the programme and the whole school will be able to access it.

Mathletics is a global online maths programme designed to inspire children with the desire to learn and the confidence to succeed. Mathletics is the next generation in learning, helping over 3 million children enjoy maths and improve their results. There are thousands of online activities for all ages and abilities. Mathletics also adds a competitive dimension to learning, allowing students to play live mental arithmetic games against other children from around the world. Mathletics can be used wherever there is internet access, at home or school! Each child will be provided with a unique username and password which they will need in order to log in so keep them safe! These will be given out in class over the next week and Miss Ives will be visiting the classes to show the children how to use and access Mathletics. If you have any questions about Mathletics please feel free to come and speak to Miss Ives.
